

Monitor Arm-D8-B

D8 articulating monitor arm provides excellent support with a full range of motion for computer monitors equipped with VESA mount.

Adjustable tension control allows precise support for monitors less than 30" in width, and weighing between 2 to 8 Kg. (4.5 lb - 17.6 lb).

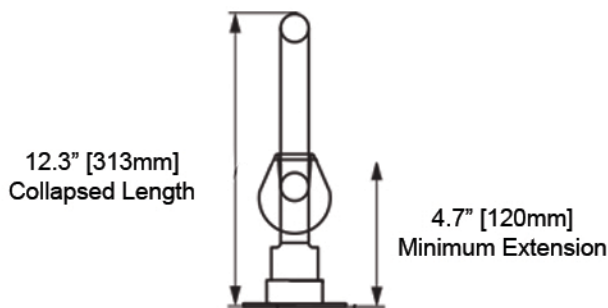

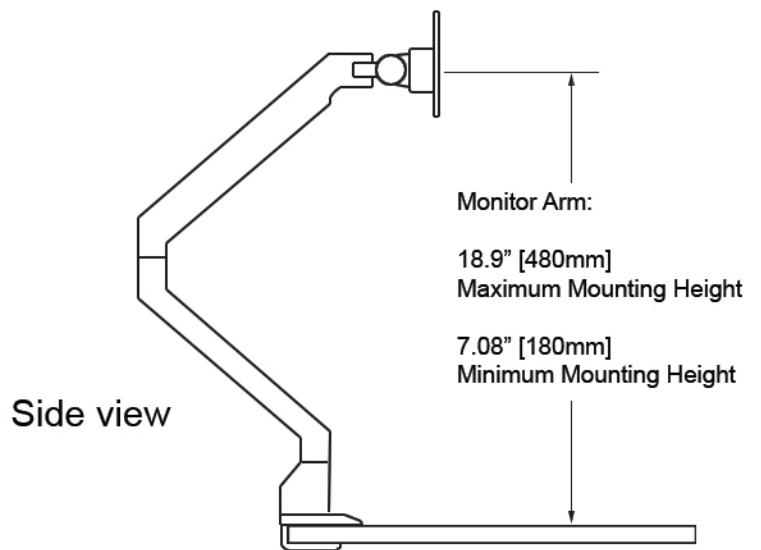

Concealed clamp-mount securely holds base to desk tops up to 1.75" (45mm) thickness.

Detachable VESA mounting plate comes with 75mm and 100mm hole patterns.

Cable management keeps wiring organized and protected.

Precision engineered and manufactured with scratch resistant powder coat finish.

For monitors 2-8 kg under 30" wide
(4.5 to 17.6 lb) capacity
